Here to create, collaborate, and to further the visuals of brands and narratives.

PROFESSIONAL EXPERIENCE

Parkland Health

Multimedia Designer

Dallas, Texas

January 2022 — Present

- Creating video presentations and video education for the first public hospital in the State of Texas that is also a Level 1 Trauma center
- Collaborate with community health outreach professionals to promote and aid in improved public health
- Support internal and external communications through photography, video production, and motion graphics
- Record and edit surgeries that involved medical breakthroughs so that they may be presented to medical journals
- Collaborate with surgeons, doctors, and other medical professionals as to how best present their work
- Create and educate patients on at-home treatments while working with care providers
- Document and record public health forums for public health officials, politicians, and for the press
- Producing productions in order to thank our generous donors
- Interviewing patients and providers to display the work of the providers, the relationship with the patient, and in order to breakdown barriers with our patients within the community
- Produce videos, motion graphics, and a variety of photography work in order to remove stigmatism from public healthcare
